The A. H. S. Newscast

By Peggy Ellen Cole

Hi, guys and gals! You can take those "cheesy" smiles off your faces now, the photographers have gone. Never have I seen such combing of hair and such putting on of make-up. And the boys; (Sigh) Those good looking suits and how handsome they looked in them. By the way, if anyone wants to know what kind of tie Kenneth Jamerson had on, just look at the picture of every other boy in the '52 annual.

The Juniors were all excited the other day because the man came to measure for their rings. If you should hear a loud noise one day before long you will know that the rings have arrived.

Everybody has been going around with their nose stuck in a book for a week. You guessed it! It's the end of the first six weeks and the teachers are giving tests. Report cards will be coming out soon and I presume everyone will make outstanding on all their subjects.

The 9th grade held its first class meeting this week. The officers are as follows:

President, Clarence White
Vice-president, Eugene Matteson

Secretary and treasurer, Charles Trent.

Don't be alarmed, there are quite a number of girls in the 9th grade. I guess they just thought they'd give the boys a chance.

Our school clubs were organized Tuesday and Wednesday of this week. They are: Junior and Senior Music Club, Junior and Senior Tri-Hi-Y, Hi-Y, Commercial Club and Science Club.

Just as soon as the names of the club officers are given to me, I will announce them in this column.

El Club Espanol had a meeting this week and elected its officers for the year. They are:

President, Kendall Huntter

Vice-president, Jessie Morton Rosser

Secretary and treasurer, Ann Goad

Reporter, Kathryn Burkey.

The Future Homemakers of America held a meeting Thursday morning. There was officer installation and two skits on family relationships, presented by the first period home economics class.

I wonder why Coach Bragg is going around this week with such a pleased look on his face. Could it be because of our 45-0 victory over Altavista? The team played a wonderful game last Friday, which I hope you didn't miss. Our game this week is with Brookville High School on Saturday night in Lynchburg.

I don't know if you have been keeping up with our Jaycees this year or not, but they have been doing a splendid job. They have not lost a game this season. They played Bedford High School Jaycees last week and won by a wide margin. It looks like we have plenty of good material for our '52 team.

The Jaycee's now have their own private cheerleading group. This group consists of Bill Jamerson, Dan Carson, Wade Drinkard, Charles Carter and Carter Woodson. It's worth a trip to the game to see them perform.

This about closes the book for this week, but I'll see you, same time, same place next week.

Oakville

Oakville, Va., Oct. 23.- The other day we were speaking of Oakville growing. I began to think back over the years that I had known Oakville—since 1919. There was no store here then. There had been some, though. Mrs. Otho Martin kept post office. Mr. T. E. Owen carried mail. He had a buggy. The practical thing then, for our street of pure red mud, with a bank on both sides —a convenient place for children to slide down and play "snake in the gully"—a cause for hard wash days with no electricity. There were only a few homes then. Now there are quite a number of homes, with electricity, three stores and a service station. The school to which some walked four miles and others came in a covered wagon has since been enlarged and remodelled, and the church which burned has been rebuilt. Many other interesting things have happened which space will not allow me to write. Maybe some day some one will write a history of Oakville!

Little Dickie Adams, of Vinton, spent a week with his grandparents, Mr. and Mrs. C. S. Adams, has returned home.

Sunday dinner guests in the home of Mr. and Mrs. M. W. Drinkard were Mrs. E. B. Martin, Mrs. M. A. Hunter, Mr. and Mrs. H. B. Smith and family, Mr. and Mrs. L. K. Bussey Jr. and Janet Moses.

Mr. and Mrs. Garland Burcher and son, Jimmie, of Jacksonville, Florida are visiting in the home of her parents, Mr. and Mrs. Louis Moore.

Mr. and Mrs. Otho Martin, Jr., have moved into their new home.

Mr. and Mrs. L. K. Bussey, Jr., spent the week-end with Mrs. E. B. Martin.

Vera

Vera, Oct. 23.- We are having a beautiful fall. Farmers are busy sowing wheat and people still have vegetables in their gardens.

Rev. John P. Leitner preached a fine sermon at New Hope Church on Sunday night.

Mr. and Mrs. Dick Webb had as their guests Saturday night Mr. and Mrs. L. N. Watson, Mr. and Mrs. Crover Beasley and son, Benjamin, Mr. and Mrs. Tom Harvey, Mazie and Harriett.

Berl Covington and Patricia Alvis were visitors in the home of Mr. and Mrs. T. C. Harvey Sunday.

Wesley Franklin, who is in the hospital, is reported something better.

The community was saddened by the passing of Mrs. Joel Coleman. A large crowd assembled at Hollywood, where she was laid to rest. The floral offerings were beautiful.

Cpl. Gerald M. Harvey, of Fort Dix, N. J., visited his parents. Mr. and Mrs. T. C. Harvey Sunday.

Charlie Harvey, of Blacksburg, spent the week-end with his parents, Mr. and Mrs. T. C. Harvey.

Mrs. Maude Abbitt is spending some time with Mr. and Mrs. Robert Coleman before she returns to Mrs. T. J. Harvey's in Richmond for the winter.

Welcome Rain

You can let the old oaken bucket down the well again, there will be water there. And pastures will not have that parched look. Last night brought relief from an extended drought and Appomattox had one of the best rains of the year. The long dry spell had lowered water levels in many wells, and a few were listed as about dry.

Hallowe'en

A successful Hallowe'en Festival was held last night at the local school. Dozens of prizes were awarded to costumed Hallowe'eners. Rain during the evening cut down on attendance, and also limited street celebration to a bit of soap writing on windows.

Stress Plea For Blood Donors

C. O. Updike, chairman of the coordinating chapters of the American Red Cross Blood Program of the Roanoke Center, is taking a vote of all the 32 counties of Virginia that are now in the Red Cross Blood Program, concerning a priority rating of blood quotas for Korea, for defense, and for hospitals. This means that unless the quantity of blood made available is greatly increased there will be far from enough blood for all three needy projects. Shall we let the wounded in Korea die because there is not enough blood for them and for civilian use here at home? Shall we let our local people go without life-sustaining blood in order that there may be enough for Korean needs? Shall we let the defense quotas lag behind and thus fail to transform blood into plasma for a time of emergency? We cannot afford to fail in meeting the required quotas. The answer must not be "priority" but "more blood."

At least 200 persons of Appomattox County must sign donor cards within the next ten days and come to the Bloodmobile at the Appomattox High School Cafeteria between 9:30 A. M. and 4:00 P. M. on Saturday, November 17, if our county is to meet the average bloodmobile quota of 150 pints of blood.

All persons who are anxious for Appomattox County to furnish its quota of blood are invited to a most important meeting at the Court House Thursday, November 1, at 7:45 P. M.

Rev. R. Carl Maxwell, Chapter Chairman, has announced the appointment of Mr. Calvin Robinson as publicity chairman for the blood donor program.

Conservation Need Continues

(Contributed)

Much was said last week by way of news articles, editorials, radio talks and announcements pertaining to the better methods of conserving the Old Dominion's natural resources: its forests, soil, water and wildlife.

Conservation Week in Virginia originated with Governor Battle and was designed to put special emphasis on conservation during the week of October 21-27. Much credit is due the Governor and the various groups and individuals who helped to present this important issue to the public. However, the ultimate success of this movement depends solely upon future reactions of those responsible.

This job of conservation is every citizen's responsibility. Our physical being depends on Mother Earth's resources entrusted to man's care. As natural diminish, so does civilization.

We must be mindful that one week's emphasis on conservation cannot develop our resources. Every week should be conservation week and every citizen should be conservation-minded every week.

Let us keep up the good work and make Appomattox County 'the Green County' of 'GreenVirginia.'
